

Congress of the United States

Washington, DC 20515

July 27, 2026

President Donald J. Trump
The White House
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Dear President Trump,

As veterans of America's wars, we have serious concerns about reports that the Department of War is delaying, removing or otherwise mischaracterizing the release of information about wounded and killed U.S. servicemembers.

The U.S. government owes U.S. servicemembers, their families, and every American the truth about all U.S. casualties in the War with Iran. It is imperative that these reports are timely, accurate and adequately explain the reason for amended or delayed reports. Inaccurate and delayed reports from the Department of War about U.S. casualties is bad for morale and undermines our U.S. servicemembers.

We urge you to commit to releasing timely and accurate information on all injuries and deaths of U.S. servicemembers.

Sincerely,

Mike Thompson
